- **FROM EUROPEAN ETHICAL MANUFACTURERS ACCORDING TO EU QUALITY AND REGULATORY STANDARDS.**

*Manufactured under GMP conditions (pharma and food)*

*For pharma, biopharma, biotech, special nutrition applications, infant formulae & dietary supplements*

- **Minerals**

Ammonium Chloride

Ammonium Sulphate

Calcium Acetate

Calcium Chloride Dihydrate Powder or Flakes FCC

Calcium Chloride Anhydrous Powder or Flakes

Calcium Carbonate EP, FCC

Calcium Sulphate Dihydrate FCC

Ferrous Sulphate Monohydrate EP, FCC

Ferrous Sulphate Heptahydrate EP, USP, FCC

Magnesium Chloride Hexahydrate FCC

Magnesium Oxide

Magnesium: various salts

Manganese Acetate Tetrahydrate

Manganese: various salts

Potassium Acetate Food grade

Potassium Carbonate Anhydrous Granular, Crystal or Powder

Potassium Hydroxide

Potassium Chloride

Potassium Iodide USP, EP, Food grade

Sodium Acetate Trihydrate FCC

Sodium Chloride FCC, EP, JP

Sodium Carbonate Anhydrous & Decahydrate Food grade

Sodium Hydroxide

Zinc Sulphate Monohydrate FCC

Zinc Sulphate Heptahydrate

Zinc Oxide

- **"Custom" Minerals**

*For example,*

Ferric Pyrophosphate microencapsulated (EU raw materials with full traceability)

*From 20 to 50% FePP*

*Various coating products*

*Adapted/ customized particle size*

*Customized packaging*

*Manufactured according to Food & Pharma requirements*

*Meets Heavy Metals specs (231/2012 for food ingredients)*

- **Custom premixes**

**(Vitamins, Minerals, Amino-acids, Nucleotides, ...)**

*Full traceability,*

*Flexible production and packaging*

*In-house custom quality control at a glance*

*High level technical partnership*

**FEEL FREE TO CONTACT US FOR OTHER MINERALS THAT ARE NOT LISTED IN THIS DOCUMENT:  
CITRATES, LACTATES, GLUCONATES, FUMARATES, BYS-GLYCINATES, ACETATES, MALATES**
